**Main Street, Lambertville**

**97016**

**97016**

**LOCATION/DESCRIPTION**

Mount Hope Street to Arnett Avenue, rehabilitation

This project is located along Main Street (Route 29) which experiences flooding conditions several times a year due to a lack of adequate drainage system along Main Street. The flooding affects traffic as well as the adjacent school. The roadway is in poor condition and requires reconstruction. The project will include reconstruction of Route 29, drainage improvements (new drainage pipe as well as new inlets), and aesthetic treatments recommended as part of the Scenic Byway Project (sidewalks, curbs, crosswalks, planting of trees, ADA ramps, and guiderail).

**LOCATION/DESCRIPTION**

I-295 to vicinity of Frenchtown borough line, proposed scenic byway improvements

This project will provide for proposed scenic byway improvements throughout this corridor. Projects that may be broken out of this study include, but are not limited to, guiderail update, drainage improvements, landscape improvements, bicycle and pedestrian amenities enhancements, rockfall mitigation, safety improvements, scenic overlook sites. All projects will enhance the aesthetics of the highway from the viewpoint of the driver, bicyclist, and/or pedestrian. Context Sensitive Design will be applied within each host municipality since the character of the corridor varies from town to town.

## FY 2002 - 2003 Study and Development Program

ROUTE/PROGRAM	Project ID Numbers	
	DB No.	TIP No.

---

29	Vicinity of Route I-95 to Stockton, Bicycle Improvements	97028	97028
----	---	-------	-------

**LOCATION/DESCRIPTION**

Vicinity of Bernard Drive to Stockton, proposed bicycle improvements

The proposed proposed project would upgrade Route 29 to be bicycle compatible and provide signing for access points to the D&R Canal State Park and bikeway adjacent to the canal. The proposed project would provide bicycle links to the D&R Canal, bicycle overlook/vistas, and widen the shoulder at various locations between Delaware Rise Road and vicinity of the quarry.

29	West Amwell Twp., Drainage (Sheet Flow)	93166	93166
----	--	-------	-------

**LOCATION/DESCRIPTION**

Various locations between Old River Road and Lambertville corporate line, drainage improvements

The roadway experiences flooding and icing conditions several times a year due to the lack of an adequate drainage system and debris found at the inlets. These conditions create the potential for accidents. The scheme may include providing shoulders where feasible, inlets, piping and the construction of trench drains along Route 29.
